

RULES & REGULATIONS

THE MUSKINGUM WATERSHED CONSERVANCY DISTRICT - 54,000 acres of land and water await the visitor to Conservancy District lands and lakes. Found here are 10 dams with permanent reservoirs and four dry dams which hold water only during times of flooding.

The Conservancy District has developed parks and marinas on its properties to help provide access to these lands and lakes. You will find a broad range of outdoor activities offered in the Conservancy District including camping, hiking, swimming, picnicking, fishing and hunting. The parks feature scenic picnic areas, spacious playfields, sandy swimming beaches and marked hiking trails for everyone's enjoyment. The clean family-oriented parks are open from 8:00 A.M. to 9:00 P.M. daily during the summer season and from 8:00 A.M. to dark from Labor Day to Memorial Day. Camping is available 24 hours per day.

HISTORY and ORGANIZATION - The Muskingum Watershed Conservancy District is a political subdivision of the State of Ohio and was organized under state law in 1933 for the primary purposes of flood control, conservation and recreation. The Conservancy District covers 1/5 of the State of Ohio and is located in 18 counties.

By 1938, 14 flood-control dams were established and the first waters to form the 10 permanent lakes were retained behind the dams. The 1939 Federal Flood control Act transferred the operation of the 14 flood-control dams to the U.S. Army corps of Engineers. Since then, the MWCD has been responsible for all conservation and recreation throughout its 16,000 acres of water and 38,000 acres of land.

The MWCD is not apart of any other local, county, state or federal level of government. It is governed by a Conservancy Court which is made up of one judge of the court of Common Pleas from each of the 18 counties found within the Conservancy District. The Court appoints a five-person Board of Directors which oversees the operation of the Conservancy District. The Board appoints the staff which manages the day-to-day operation of the Conservancy District.

The Conservancy District operates on its own income from the operation of its recreational facilities and from various land management activities. All Conservancy District lands and waters are open for the enjoyment of the general public. The conservancy District recognizes the assistance it receives from the Ohio Department of Transportation and the Ohio Department of Natural Resources, Divisions of Wildlife and Watercraft.

Since the Conservancy District's formation, it has paid more than \$2.5 million in real estate taxes to the counties in which it owns land and does not levy any direct taxes for its operation. The MWCD was created "by the people" and functions "for the people." Its beautiful lands and waters are for everyone to enjoy ... today and tomorrow.

RANGERS - The MWCD is given specific authority under Ohio Law to appoint police officers to enforce Conservancy District Rules and Regulations and the laws of the State of Ohio. These officers are designated as Rangers by the Conservancy District and are Certified Peace Officers in the State of Ohio. Rangers have full authority to issue citations and make arrests on Conservancy District properties and lands adjacent to conservancy District properties.
